Ocean Freight – Chartering

Through our agent network we offer a cost effective chartering and port agency service.

Having chartered vessels over the past fifteen years we have direct in-house experience and when specialist assistance is required, then just one call is all that it takes to one of the many owners or brokers with

whom we work.

Ocean Freight – Liner Terms

We offer global shipping services not only UK to anywhere across the globe but we are also adept when it comes to cross-trades, so West coast USA to mainland China for instance.

Our experience stretches back some way and our knowledge across the supply chain is far reaching.

We offer both LCL & FCL shipments [Less than container load | Full container load] to all corners of the globe.

We provide service for cargo that is out-of-gauge and of a hazardous nature.

We handle and distribute:

- General palletised goods.
- Hazmat goods.
- Perishables.
- Ferrous & Non Ferrous metals.
- Waste & recyclable products.
- Oversized and out of gauge cargo.
