

SUPPLY CHAIN MANAGEMENT

# Road Freight

EFFICIENT MULTIMODAL SOLUTIONS

[www.ems-wl.com](http://www.ems-wl.com)

## Transport

We have a transport agency network that has been built up over many years of operating within the forwarding & brokerage sector.

We offer a cost effective and sustainable freight delivery solution.

Alongside the core service options of daily pallet and full load distribution, including HazChem options, we offer a range of value added services to provide and deliver a flexible logistics and supply chain solution.

Given warehousing is one of our core activities then naturally transportation plays a significant part of the process.

### We handle and distribute:

- General palletised goods.
- Hazmat goods.
- Perishables.
- Waste & recyclable products.
- Oversized and out of gauge cargo.

Contact us by emailing at [info@ems-wl.com](mailto:info@ems-wl.com) or give us a call to discuss on +44 (0) 151 325 0010.
